

New Furnace enamelling furnace O1650, used

manufacturer :
New Furnace

Product number:
O1650

Description

Enamelling Furnace

Manufacturer	New Furnace
Model	
Year of Manufacture	2010
Comments	For enamelling of metal plates

Technical data

Production capacity	12.000 Kg/h
Operating temperature	750°C - 870°C

Technical data

Burner	19
Thermal output	150 kWt
Installed output	2850 kWt
Heating	natural gas
Average consumption at full speed	155 W/Kg (+/- 5%)
Time of enamelling	4,2 min
Time over 800 °C	3,5 min

Delivery time immediatley

Price on request
