

Inductotherm VIP Power TRAK System with two small steel sheel furnaces, used O1623

manufacturer :
Inductotherm

Product number:
O1623

Description

Induction Furnace

Manufacturer	Inductotherm
Model	VIP Power Trak 1000 KBT
Power	1000 kW
Frequency	1000 Hz
Year of Manufacture	2006

Induction Furnace	
Comments	supports 2 furnaces

Accessories

Furnace No. 1	Induction furnace
Manufacturer	Inductotherm
Model	small steel sheel furnace
Year	2006
Heating	electrical
melting capacity max	1500 kg/h
capacity	2000 kg

Furnace No. 2	Induction furnace
Manufacturer	Inductotherm
Model	small steel sheel furnace
Year	2006
melting capacity max	1500 kg/h
capacity	2000 kg

crane casting ladle No. 1	
Manufacturer	Foundry Service
Model	stopper ladle
Year	2006
capacity	2000 kg

crane casting ladle No. 2	
---------------------------	--

Manufacturer	Foundry Service
Model	stopper ladle
Year	2006
capacity	2000 kg

Transformer	
Manufacturer	France Transfo
Model	stopper ladle
Year	2006
nominal capacity	1145 kVA

The Cooling System	
Manufacturer	
Model	Closed loop with the airflow heat Exchanger
Year	2006

Casting laboratory	
Manufacturer	Spectro
Model	SpectroMAXx
Year	2006

Delivery time	immediatley
Price	on request
