

ZANI Motion Master AR 100 double-column stamping press, used

manufacturer :
ZANI

Product number:
PR2425

Description

Stamping press	
Manufacturer	ZANI
Model	MOTION MASTER AR 100/2M12-10

Design	double-column stamping press
Year of manufacture	2007
Control system	Siemens S7 SPS, model 300
Drive motion	double knuckle-joint
Rated power at the max. stroke	1000 kN
Max tonnage f.e. connecting rod	50 - 50 %
Point of applic.of slow motion from BDC	15 mm
Automatic variable stroke	50 - 100 mm
Speed in continuous cycle	20 - 120 H/min
Distance between bolster/ram	400 mm
Bolster area dimensions (length x depth)	1250 x 900 mm
Through-hole in bolster for scraps	140 x 900 mm
Through-hole in the press base for scraps	140 x 900 mm
Distance from floor to top of bolster	900 mm
Ram area dimensions	1150 x 800 mm
Ram adjustment	100 mm
Max tool width	1200 mm
Distance between uprights	1300 mm
Accessories	
Electronic roll felder	Typ APV 200
Palletizer	Typ PR-8 HS (0-24 1/min)
Condition	only 6463 working hours

Delivery time	immediately
Price	on request

Subject to alterations and prior sale.
