

Overview

Bosello SRE 100 CNC X-Ray Inspection System ZU2080, used

Bosello

Product number: ZU2100

Description

X-Ray inspection system

Manufacturer	Bosello
Type	SRE 100 CNC
Year	2001
Comments	special feature 3-jaw gripper for component pick-up, for inspection of aluminium casting parts

Technical data

X-ray tube

Manufacturer	Comet
Type	MXR-160/0.4-0.4
Voltage	160kV
Small focal spot size	0.4
Large focal spot size	0.4

Detector

Type	9" XRIQ23
------	-----------

Software

Type	SRE 100 CNC
Processor	IP8000 Image Processor

Test parts characteristics

max. weight	60 kg
Dimension DMxH	600 x 900 mm
Delivery time	immediately
Price	on request
