

Aluminium recycling plant O1669, used

manufacturer :
Sonstige

Product number:
O1669

Description

Aluminium recycling plant

Rotating rotary oven

Manufacturer

Model	WR9
-------	-----

Year of Manufacture	2002
---------------------	------

Capacity	8 t
----------	-----

Typ burner	Stordy RFMG 3
------------	---------------

Burner capacity	2.6 MW
-----------------	--------

Rotating rotary oven

Melting rate	2 ton/h
Power	2600 kW
Heating	natural gas
Working temperature	750 °C
Comments	

Aluminum pouring furnace

Manufacturer	
Model	Stordy 785
Year of Manufacture	1998
Capacity	20 t
Melting rate	4 ton/h
Typ burner	Stordy 785
Burner capacity	2.9 MW
Power	5800 kW
Heating	natural gas
Working temperature	1000 °C
Comments	2015 reconstruction, a new futier is thrown

Correctional storage furnace

Manufacturer	
Model	
Year of Manufacture	1995
Capacity	20 t
Melting rate	4 ton/h
Typ burner	ESA PYRONICS INTERNATIONAL

Correctional storage furnace

Burner capacity	2.9 MW
Power	4700 kW
Heating	natural gas
Working temperature	1000 °C
Comments	Reconstruction year - 2017, all the fuutirement has been removed, more efficient burners replaced, burner control installed. Fully restored shoulder condition
Delivery time	immediately
Price	on request
